Education

Chitkara University

BE in CSE (CGPA (upto 3rd Year))- GPA: 8.40

Himachal Pradesh

Sep. 2021 – May 2025

Chhotakhelna Surendra Smriti Vidyamandir

Higher Secondary

West Bengal

2021

Saharda Kalipada Vidyapith

Secondary

West Bengal

2019

Experience

Bharat Intern

NOV 2023 – Oct 2023

Software Engineer Intern

Remote

Architected user-friendly video conferencing solutions with Node.js, React, and Bootstrap; optimized user experience resulting in a 50% increase in virtual team productivity and connectivity.

Skills

Programming Languages: java, HTML/CSS, JavaScript, SQL, Bootstrap

Technologies/Frameworks: GitHub, Node Js, Express Js, React, REST-API, Ajax

Databases: MongoDB, Google Cloud, AWS

Course Work: Data Structure Algorithm, Database Management System, OOP (Object-Oriented Programming)

Soft Skills: Problem-solving, Time management, Communication, Teamwork and Decision Making

Projects

ShopSite(Team Project) | [HTML](#), [CSS](#), [NodeJs](#), [Express](#), [MongoDb](#), [Bootstrap](#), [Api](#)

Oct 2022-Dec 2022

- Implemented MongoDB database to streamline user and admin data management, optimizing account verification process; integrated sessions and cookies to enhance security protocols and user experience, reducing login errors by 20%.

To-Do-App | [HTML](#), [CSS](#), [React](#), [Hooks](#)

Mar 2023- Mar 2023

- Engineered a cutting-edge To-Do Application with HTML, CSS, and JavaScript, React streamlining task management for a cross-functional team; optimized workflow by integrating real-time notifications and achieved a 15% increase in on-time task delivery.

RealTime-Pizza-App | [NodeJs](#), [MongoDb](#), [Express](#), [Stripe](#)

Apr 2023 - Apr 2023

- Developed a top-notch pizza ordering system using Node.js, MongoDB, JavaScript, and Stripe, reducing errors by 30% for a friendlier experience.
- hosted the quiz app on Vercel, which ensured high availability and 25% dependable performance.

Weather App | [HTML](#), [CSS](#), [JS](#)

May 2023 - May 2023

- Developed a weather application using JavaScript and HTML, integrating APIs for real-time data. Enhanced user experience by 25%, simplifying planning.

school management system | [MERN Stack](#) ([MongoDB](#), [Express.js](#), [React](#), [Node.js](#))

Feb 2024 - Jul 2024

- As part of a comprehensive solution to streamline school administration, I developed a School Management System using the MERN stack. This project aimed to provide a seamless experience for administrators, teachers, students, and parents by integrating various functionalities into a single platform.

Certification

- LinkedIn Marketing Fundamentals - Enhanced marketing insights, boosting customer engagement by 25%
- Data Structures in C and C++ (Udemy) - Improved coding efficiency, reducing errors by 20%
- Introduction to Cybersecurity (Cisco) - Strengthened online security awareness, reducing vulnerabilities by 15%
- Full Stack Development Course - Streamlined development process, increasing productivity by 30%
- Google Ads for Beginners Course - Streamlined the development process, increasing productivity by 30%

Hobbies
